About Us

In the post Independence era, Kaithal developed as a centre of trade and commerce, but it lacked the facility of Higher Education. In the year 1953, few eminent persons of the city made a determined effort in this direction. With their efforts, under the leadership of a well-known philanthropist, Seth Makhan Lal Ji, Radha Krishna Sanatan Dharam (P.G.) College, Kaithal came into being as the first college of the city in 1954. The college was established under the aegis of Rashtriya Vidya Samiti, a charitable educational society. In the glorious journey of progress, it has grown into a full fledged degree college with Arts, Science and Commerce streams. With the patronage of local public and ceaseless efforts of Governing Bodies, Principals and the faculty of the college, it acquired the status of a PG College with start of M.A.(Hindi) in 1976. The college continued to progress and introduced more courses like M.A. in Political Science, English, Economics, M.Com., BBA, BCA, PGDCA and M.Sc. Maths. The college has a vast campus spread over more than 12 acres of land with lush green lawns, fully air-conditioned and well-furnished seminar rooms, common rooms, play grounds and state of the art indoor stadium, etc. The college library has its own attraction for the students. The science laboratories are well equipped with the most modern facilities. The college has an enviable reputation in the field of academics, sports and cultural activities. In year 2017, the college was accredited with 'A' grade by NAAC. It is recognized not only as one of the best colleges of Haryana but has also earned fame at national level through achievements in various fields year after year.

About Seminar

Teaching and research are the backbone of the academic professionals. In this universe, Earth is the only wonderful planet which is blessed with life, hence called as 'the mother earth'. The indiscriminate human activities over a period of time have brought about a state of environmental crisis, which if not addressed timely would become a serious threat to the existence of life on this amazing planet. To create awareness and generate participation from individuals throughout the world is the first step to combat this crisis. This action would definitely shape up the future of the Earth and determine the fate of this wonderful planet and all forms of life thriving on it. We need to respect and abide by environmental ethics. Environmental issues are intertwined with social/cultural and socio-economic issues. The main objective of the Seminar is to provide a forum and effective medium for academicians, scholars, professionals, researchers & students, to sensitize all about the protection of environment.

Sub themes of Seminar

- Necessity of Public Awareness for Environment Conservation.
- Natural Resources: Utilization and Conservation.
- Role of Environmental Ethics in Sustainable Development.
- Need of Environmental Education in Teacher Education.
- Role of Religion in Environment Protection.
- Environment Protection: A Social Responsibility.
- Science and Environment.
- Solar energy: Future Source of Clean and Green Energy.
- Environmental Pollution and Development.
- Energy Resources Crisis and Solutions.

Call For Papers

The participants are requested to submit their papers/original research contributions in any of the themes given above. Only soft copies of abstract (max 200 words) formatted on MS Word be submitted by 10.03.2018. The hard & soft copies of full length papers can be submitted by 15.03.2018. The paper should be typed in MS Word with Times New Roman Font (Size 12) with 1.5 spacing.
