## **ABOUT THE COLLEGE**

*In the post-independence era, though Kaithal was a good centre of trade and commerce but it lacked the facility of higher education. A large number of young boys and girls had to go to distant places for higher studies. In 1953, some prominent persons of the city decided to setup a college in Kaithal and made efforts in this direction under the leadership of a well-known philanthropist, Seth Makhan Lal Ji. Thus, a charitable educational society named as Rastriya Vidya Samiti (R.V.S.) came into being in 1954, which established the first college of the city “Radha Krishan Sanatan Dharam (R.K.S.D.) College.” The beginning was as an intermediate college in a rented building. In due course, it was shifted to a well designed campus spread over more than 10 acres of land with lush green lawns, fully air-conditioned and well-furnished seminar rooms, common rooms, rich library, play-grounds and state of the art indoor stadium etc. The laboratories are well equipped. With the patronage of the local public and ceaseless efforts of different governing bodies, Principals and the faculty of the college, it acquired the status of a PG College with start of M.A.(Hindi) in 1976. The college continued to progress and introduced more courses like M.A. (Political Science), M.A.(English), BCA, BBA and M.Sc. (Mathematics). In 2003, evening session was started for the benefit of those aspirants who could not get admission in the morning session.*

*Today, the college is recognized not only as one of the best colleges of Haryana but it has also earned name and fame nationally and internationally through achievements in various fields year after year. The college has been accredited ‘A’ grade by NAAC in second cycle of assessment held in 2017.*

## **VISION**

*To impart quality education in traditional fields of knowledge with continuous inclusion of latest developments and to perpetuate Indian and Global traditions of learning for transforming live.*

## **MISSION**

- *To impart education with a futuristic vision.*
- *To improve quality of lives through education.*
- *To facilitate transition towards a digital society.*
- *To strengthen interface with dynamics of agriculture, industry and emerging needs of community.*
- *To harmonize the needs of employability with the pluralistic ethos of the nation.*
