ABOUT THE COLLEGE

In the post-independence era, though Kaithal was a good centre of trade and commerce but it lacked the facility of higher education. A large number of young boys and girls had to go to distant places for higher studies. In 1953, some prominent persons of the city decided to setup a college in Kaithal and made efforts in this direction under the leadership of a well-known philanthropist, Seth Makhan Lal Ji. Thus, a charitable educational society named as Rastriya Vidya Samiti (R.V.S.) came into being in 1954, which established the first college of the city “Radha Krishan Sanatan Dharam (R.K.S.D.) College.” The beginning was as an intermediate college in a rented building. In due course, it was shifted to a well designed campus spread over more than 10 acres of land with lush green lawns, fully air-conditioned and well-furnished seminar rooms, common rooms, rich library, play-grounds and state of the art indoor stadium etc. The laboratories are well equipped. With the patronage of the local public and ceaseless efforts of different governing bodies, Principals and the faculty of the college, it acquired the status of a PG College with start of M.A.(Hindi) in 1976. The college continued to progress and introduced more courses like M.A. (Political Science), M.A.(English), BCA, BBA and M.Sc. (Mathematics). In 2003, evening session was started for the benefit of those aspirants who could not get admission in the morning session.

Today, the college is recognized not only as one of the best colleges of Haryana but it has also earned name and fame nationally and internationally through achievements in various fields year after year.

He explored the historical contexts of this issue and held the then authorities who could not take hard decisions responsible for blunders in 1948. He further expressed that due to our historical mistakes, we have already lost a significant part of Kashmir to Pakistan and China. Besides this, one thing we must remember is that at present Kashmir is not a domestic issue, but it has become an international one. He expressed that nontraditional threats like proxy war and narcotic traffic created a long term and serious consequences to security in India. He emphasized that we should see this problem with new perspectives and should not hesitate in taking the cooperation of countries like China in resolving this.
