STUDENTS FEEDBACK ANALYSIS (2021-22)

The Institute understands that curriculum enrichment and gap identification along with teaching- learning system followed by an educational institution needs continuous refinement. To capacitate this process of continuous refinement, every year the institution makes it mandatory to collect feedback on the present curriculum from different stakeholders of each programme viz. Students, Teachers, Employers and Alumni. A feedback analysis report has been thus prepared considering the relevant and specific suggestions given pertaining to curriculum. The report was received from the committee for further review and discussion. After intense deliberations, the recommendations are made in the Action Taken Report for the feedback report to be shared with departments and teachers. This eventually helps to fine-tune the curriculum and thereby enhance the effectiveness of teaching-learning process.

STUDENTS FEEDBACK

Students feedback reveals that boys and girls from Arts, Commerce and Science (UG and PG) actively participated in this survey and majority of them (92.3%) were aware about the Student Satisfaction Survey. More than 90% of the students were regular in their classes. Analysis of the feedback forms shows that 80% of them were satisfied with the quality of teaching-learning process like class evaluation, use of ICT tools and teaching-mentoring process in the college. Most of them were able to gain self-confidence by participating in educational field visits and tours etc. Analysis also reveals that maximum students were highly satisfied with the infrastructure facilities like library, laboratories, canteen and co-curricular activities. Regarding the facility available for overall development of the students like career-oriented curriculum, college support to achieve their goals, congenial atmosphere in the college etc.

Majority of them expressed their satisfaction. Students also suggested some improvements regarding various points. They emphasized the revision and flexibility in the curriculum to make it skill-based and job-oriented. They stressed that it should include more study tours, field visits and visits to industries/ companies for students. Use of ICT tools should

be increased in the smart classes and there is an urgent need for classes in blended mode. Students also suggested the need for toilets improvisation and use of dustbins in the campus for clean and green environment. Students stressed for need of clean canteen with wide range of healthy eatables in the campus to cater to the need of students coming from villages.

FEEDBACK REVIEW

The functioning of the college has been reviewed periodically through the feedback provided by all the students. The feedback has been thoroughly analyzed by the IQAC and shortcomings found in any field/function of the college have been duly addressed, thus improving the functioning of the institution. In feedback received from all the students, majority of them have registered their satisfaction over the overall performance and functioning of the institution.

ACTION TAKEN REPORT

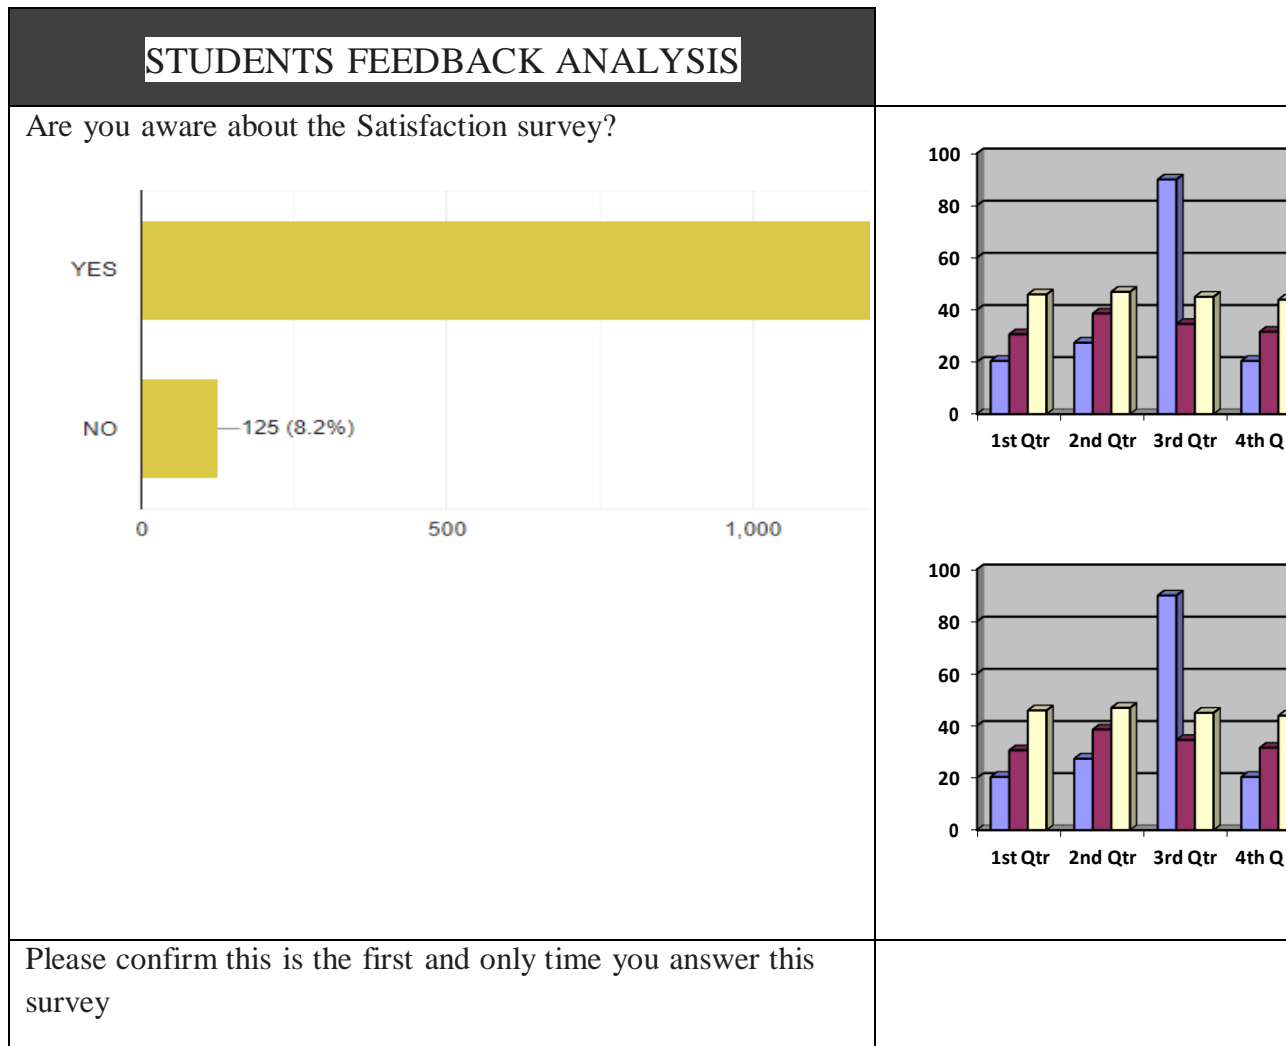

With a well-established and structured mechanism of feedback, needful initiatives are incorporated in action plan of the current and forthcoming academic session. Of all the suggestions given by the stakeholders, new vocational courses were introduced. The circular transport facility was started in September 2019 for female students of all the educational institutions with the help of district administration. The girls were extremely happy with this long-awaited facility. But it was discontinued in April 2020 due to covid-19 lockdown. Presently the female students are in a dire need of restarting this circular transport facility by the district administration. The financial assistance was increased by the institution for the deserving and needy students. Keeping in view the suggestions made by the students, wide range of add-on courses focusing on employability, skill development and value-added courses imparting life-skills have been offered to enable academic flexibility. Students were allowed to visit various industries and companies so that they can have practical knowledge along with the theoretical knowledge. Numbers of smart classes were increased. New toilets were constructed in the campus and dustbins were installed at various places in the campus. To cater to the need of

healthy food, 'Cafeteria' was started in the campus with wide range of healthy eatables. To provide more quiet areas for studying, expansion of library reading room was successfully completed. To meet the growing demands of sports infrastructure to our sportsperson, renovation of outdoor stadium has completed. To facilitate the students, college has also extended the online facilities for LOR, fee. Bus passes etc.
