## **5.1.3**

### **Motivational Speech cum Seminar under the Aegis of Chanakya IAS Academy Date: - 20 March 2018**

In his lucid and vivid speech on “Art of Success in Life & Orientation for Civil Services”, he pointed out hidden potential of self and how to manifest it in planned way. He stated that surround yourself with positive people because only positive attitude towards simple things in life can bring about success to everyone. Every person in this world wants to know the secrete behind success in professional as well as personal life. Having positive attitude is the key to achieving success in life, "Everybody has a different definition for success, depending upon the various stages of life. Not stopping at achieving short-term goals, we must embrace teachings of our culture, dharma and traditions. Moreover, the keynote speakers explained structure of examination and tips to get success in every stage of exam. Principal, Dr. O.P Garg welcomed all the speakers and responded the program as essential activity which opens new hopes for RKSD students. Without a real goal, life can become really unfocused and pointless. Without aims and dreams, you have nothing really exciting to do. He added that having a positive role model or a GURU may indeed give us a different perspective when we try to solve our problems or the things we are currently dealing with. Good role models may change our outlook on certain issues, and change our perception entirely. Guru, the guiding star always guides us through the course of our lives. ‘Gu’ means Guhya or darkness and ‘Ru’ means remover or alleviator. He who removes our ignorance and makes our life happy, comfortable, enlightened and blessed is our guru or guide. Anybody and anything - from a friend, relative, teacher, boss, good book, CD etc to religious and spiritual master can be our guru. Our personal Gods or almighty himself can become our guide if we sincerely wish and pray for.
