TEACHERS FEEDBACK ANALYSIS (2023-24)

Towards the objectives of institutional progress and students-centric curriculum delivery and enrichment, the Faculty of the College plays an active role at multiple levels. To identify gaps in the University prescribed curriculum and existing teaching-learning system, faculty strive for continuous refinement as per latest needs of the target groups of course objectives and outcomes. They facilitate and participate in a mandatory process of collecting feedback on different aspects which are essential for qualitative changes in teaching-learning in the institution. They respond to a Proforma prepared by a feedback committee in consultation with IQAC, Principal and management of the College. A feedback analysis report has been thus prepared considering the relevant and specific suggestions given by faculty pertaining to curriculum and other important aspects.

The report was received from the committee for further review and discussion. After intense and threadbare deliberations, the recommendations are made in the Action Taken Report. The feedback report to be shared with stakeholders is accordingly communicated.

TEACHERS FEEDBACK

The total 128 teachers gave feedback for the year 2023-24 illustrated that more than 90 per cent were fully acquainted with the university syllabi of theory as well as practical. Almost all the faculty members are satisfied with the curriculum delivery in the college that is conducive to teaching-learning process. Their feedback reflects that facilities like IT tools/infrastructure, library support and adequate opportunities for upgrading teaching skills are provided by the institution.

The faculty has expressed their high satisfaction with the leadership of the Principal and Management of the institution. Feedback analysis also reveals valuable suggestions such as suggestions in syllabus, examination reforms and renovation or improvement in college laboratories for better practical experience and experiential learning. Though, the overall report of teacher's feedback analysis reveals that teachers are fully satisfied with the general development and facilities provided to them. A small number of them gave their suggestions.

FEEDBACK REVIEW

The teaching-learning process of the college as viewed from faculty perspective has been reviewed periodically through the teachers feedback provided by all the stakeholders. The feedback has been thoroughly analyzed by all the stakeholders of the college in general and IQAC in particular. And the suggestions given have been duly addressed, thus improving the functioning of the institution.

ACTION TAKEN REPORT

With a well-established and structured mechanism of feedback, needful initiatives are incorporated in action plan of the current and forthcoming academic sessions. Keeping in view the suggestions made by the teachers regarding the reforms in syllabus and examination, issues were raised at different suitable platforms. To facilitate the online teaching-learning process, the institution has taken institutional subscription of Google suite as suggested by the teachers at mass level. Needful renovations in college campus and lab up-gradation work in various departments have been done or are in the process.
